Experiences Being A Leader

The WeHaKee CIT2 Program is designed to continue your path between being a camper and becoming a counselor and leader. You will be provided with valuable training in such areas as relationship building, group dynamic techniques, and skill-building, as well as enhancing your ability to lead, motivate, and effectively communicate with the variety of age groups present at WeHaKee. The CIT2 Program has been designed with options for your participation and leadership.

1. To help us get to know you better, what experiences have you had working with and/or leading young people? *(You may use a separate sheet if necessary).*
